PROPERTY DETAILS

Come fall in love with this beauty in need of restoration. This home has it's own unique character at every turn. The property is lined with ornamental iron, lions at the gate and a mermaid fountain. It's a solid block structure, with a stucco exterior, patios, gardens, sunrooms, a well, 8 car garage, work shops, a generator and RV parking. This is a home for a unique owner who may work from it or maintain their life love and hobbies here. It could be a contractor, auto repair or auto body person, or just a car guy who will fill the garages with his collection. The possibilities are endless and the imagination is yours. Although the interior may be dated there are some opulent treasures to be preserved, stained glass windows and chandeliers. Behind the gates is a private reserve, the construction keeps the noise out, the home cool in the summer and warm in the winter.
