## PROPERTY DETAILS

Those Views Though! From Wyoming to Pike's Peak with Denver city-scape in the middle. Huge Trex deck with built-in hot tub to enjoy the year-round views! Professionally upgraded kitchen with granite counters, travertine backsplash, top of the line stainless appliances, gas cook-top and double oven. Have a fire and make memories in the great room and open kitchen in the back of the home, cook your meals, eat and enjoy the beauty that is Colorado. The main floor bedroom is versatile with an en-suite bath! Huge loft upstairs, you decide how this space best fits your needs. Through french doors, escape to the master retreat and relax in front of the cozy fireplace, under beautiful coved ceilings or steep your stress away in the huge soaking tub, a highlight of the 5 piece master bath. Pour yourself a hot beverage and enjoy the sunrise on the front balcony. Head to the basement for another rec area with wet bar, guest room, bath and 988 sq.ft. of storage space in your new dream home!
