## PROPERTY DETAILS

This visually stunning home has a prime location in Chimney Creek. None of these units have been on the market for over 12 years, and it enjoys the best city views possible! Total main level living! Vaulted ceilings, fireplace, views and newly refinished hardwood floors on main level. Walk out of the great room on to your trex deck to sip your evening cocktail. Main floor master suite has pella windows framing the views and a 5-piece master bath. Laundry room is also on the main level. Very comfortable, maintenance-free life style and it feels like it has more privacy than many homes in the Genesee area. Backs to Genesee Mountain for great hiking. Only 30 minutes to downtown Denver, or 45 minutes to skiing.
