PROPERTY DETAILS

The Sellers called this their "DREAM HOUSE"! They've loved the open floor plan and all of the ambient light throughout and especially the KITCHEN with its new SS refrigerator, and the 4 burner gas Thermador range with center electric grill. The large Island provided lots of counter space for food prep or buffet. A large formal DINING RM just off the Kitchen leads into the LIVING RM with its vaulted ceiling and large Bay window. Located at the end of the Cul-de-Sac with no thru traffic allowed for private enjoyment on the covered front porch. Take a walk around the landscaped yard and past the POND to the back of the house and climb the spiral staircase to the large deck over looking OPEN SPACE with seasonal creek and frequent DEER & HUMMINGBIRD visitors. Alternate entrances exist from the WALK-OUT basement or the SUN RM. This property is vacant and ready for immediate occupancy for enjoying all of the KCR amenities this summer! Make this your 'DREAM HOUSE' !
