## PROPERTY DETAILS

Fully remodeled urban contemporary townhouse in the ideal Cherry Creek North location. Close proximity to all Cherry Creek has to offer, however, far enough away from the noise and the traffic! The main floor flows effortlessly from the kitchen to the dining area to the family room anchored with a coppered wood burning fireplace. Granite counters, stacked glass tile backsplash and pillars, and sleek Cellini european cabinets set the contemporary feel throughout the home. The perfect sized courtyard will suite your outdoor living needs. Escape upstairs to the amazing master suite, enjoy your stand alone tub in it's own private oasis. If that's not enough, the multi headed shower will also melt the day away. The 3rd bedroom or office/loft is a great space with it's own bathroom. Upstairs laundry adds to the convenience. The lower level is at ground level, this is your 2 car garage along with a large bedroom and en suite bathroom. Newer mechanicals also live on the lower level.
