Incredible Lot Backs and Fronts to Open Space! Pro Finished Walkout Basement!

Single Family 4750 SQFT 5 Beds 3/1 Baths

PROPERTY DETAILS

PRICED TO SELL! Beautiful 5 bedroom + main floor study home backs and fronts to open space/green belt with mountain views and finished walkout basement. Entertainers will love this open and flowing floor plan. At just 3 years old, this home feels new and is move-in ready. Main floor study w/French doors can also be a bedroom. Large master features walk in closet, coffered ceiling, soaking tub and custom shower. Gourmet kitchen w/slab granite center island and stainless steel appliances. Walkout basement is professionally finished with wet bar, great room, flex room, bedroom, and bath. Two storage rooms + lots of closets thru-out home. Big secondary bedrooms, loft, upstairs laundry, tons of upgrades and neutral color palette. Custom top down bottom up window coverings. Beautiful backyard with room to play. Professional landscaping. Great lot location, no homes directly in front or behind home. Fabulous neighborhood, convenient location for access to DIA or anywhere in the Denver metro area, coveted Cherry Creek Schools. Must see!
