PROPERTY DETAILS

Scenic Colorado sunsets can be enjoyed from all three levels of this stunningly gorgeous home. From your morning coffee in the eat-in kitchen to the master bedroom retreat with balcony and even the private guest quarters in the walkout basement, open space, trails and Mountain Views abound. Beautifully stained hardwood floors extend throughout the main level and up the rod iron spindle staircase to the office/craft and hobby flex space, private guest bed and bath and the master bedroom sanctuary. A beautifully upgraded kitchen and huge granite island flow into the great room and outdoor deck creating an ideal space for entertaining. Lots of closets and plenty of additional storage in the basement make organized living a breeze. The meticulous homeowners maintain a pristine home both inside and out. Don't miss the million dollar Mountain Views.
