PROPERTY DETAILS

Mountain views and all the upgrades! This move in ready home will greet you with stunning hardwoods, an over-sized quartz island that is perfect for entertaining, double ovens, gas range, large walk in pantry, upgraded cabinets and stainless steel appliances; that will lead you into the open concept kitchen eating area and family room which features a gas fireplace. The very large master suite and en-suite with a walk in closet will stun you! The covered deck has mountain views galore, built in speakers with plenty of room for entertaining! The Walk-out basement is plumbed for another bathroom and when finished, could easily be a 4 bed, 3 bath home! Close to shopping, dining, entertainment, trails and not to mention all of the community features and great schools; it won't last long!
