## PROPERTY DETAILS

You'll love coming home to this incredible, updated ranch style 4 bedroom, 2 full bath home on 1/3 of an acre corner lot! This bright and open floor plan is perfect for gatherings. The kitchen offers a large custom built island with ample storage and seating, gas stove, stainless steel appliances and original coved ceilings add character to this charming home. You will love the spacious master suite with walk in closet and updated full bathroom. The home features three additional bedrooms and second full bathroom. The expansive backyard is an entertainers dream, offering multiple seating areas. Including a spa that is only a year old with bluetooth stereo and privacy fencing. In addition to the detached oversized 2 car garage, there is an additional detached 1 car garage. There is also RV parking and plenty of off street parking with two driveways. Property is zoned for horses and just minutes to major highways, downtown Denver or mountains. Priced to sell, in a desirable location just minutes from Belmar shopping center and walking distance to Belmar park and Kountzee lake.
