PROPERTY DETAILS

Amazing corner brownstone unit located in Cherry Creek! This is the premier home in the entire development - and one of the largest homes as well. The home is immaculately maintained and has hardwood floors and amazing views from both inside the unit and from its two balconies! The kitchen comes replete with granite counters, breakfast bar and newer stainless steel appliances and opens to the dining room and great room. The great room has plenty of space for your furnishings, a gas fireplace and a unique turret niche, perfect for a game table, desk or a cozy reading chair. The dining area has a large sliding glass door that opens to your south-facing balcony. The large master suite has a 5-piece, en-suite bath and an ample walk-in closet. The secondary bedroom has a generous walk in closet and its own private balcony. Downstairs, the home has a garden ideally suited for a family room, office, game room or flex/guest room, complete with its own full bath. Laundry and a mechanical room round out the lower level along with direct access to your two-car garage. With your own garage and tons of street parking you'll never waste time circling the block for parking and can easily accommodate all of your gear. The traditional brownstone-style community has great landscaping surrounding the buildings with flowers, lawn, shrubs, oak and ash trees just out your windows.

This home has all that you could want from a Cherry Creek location: walkable to restaurants, salons and shops, but just out of
