PROPERTY DETAILS

You have to see this home! Just over one year old and custom designed. The home was built with quality and every detail taken into consideration, from its perfect position on the lot, to the combination of exterior finishes and a spacious fashionable interior. It sits high in the neighborhood with a flat driveway, and it is private with views of the Continental Divide seen through the property's own lush forest. The interior of the home is large, open, modern, yet connected to its outside surroundings and long views throughout. Enjoy summer afternoons on the large rear deck, sit and read a book under the covered front porch or a stunning winter snow in front of the fireplace. This tranquil oasis is turnkey, practically brand new, and is being sold furnished. High speed internet is available at this location through Century Link, so you can work from home if needed! Enjoy the neighborhood - Indian Mountain and all of its amenities: a wonderful Community Center, Indian Mountain Park, Great Hiking Trails, Picnic Area, Restrooms and Shower. RV storage \$25/yr, RV waste station, National Forest Access, and proximity to Breckenridge, Fairplay, Monarch Mountain, Salida, Buena Vista, and Denver. See impoa.net, the property owners association is voluntary membership.
