PROPERTY DETAILS

This gorgeous townhome is the Tessera model in the highly desirable Tresena community in Highlands Ranch. This home features the very popular main floor master suite with a 5-piece master bath including his and hers vanities, a beautifully tiled shower, and a large walk-in closet. The warm and inviting great room with a vaulted ceiling, has a gas fireplace, beautiful hardwood flooring, and a multitude of windows allowing for plentiful natural light. This home also features a gourmet kitchen with butler's pantry, granite countertops, soft close drawers, a gas stovetop, and a double oven. The main floor also includes a powder room, office, and laundry facilities. Upstairs are two more bedrooms, a full bath, and a loft overlooking the main entryway. The private back patio surrounded by lovely landscaping has a natural gas source for a grill. There are two 1-car garages, with lots of built-in storage space, on either side of the front porch with gated entry. This spectacular community has plenty of activities and amenities, with mountain views, and all within close proximity to major conveniences.
