

 Townhouse  2816 SQFT

PROPERTY DETAILS

Beautiful townhome with some updates needed but lots of new! Step into the entry and fall in love with the enormous great room with massive windows, skylight, two story high ceiling! It looks right into the sunny kitchen, which also has a skylight, stainless steel appliances and door to the huge recently refinished deck. The spacious dining room is on the other side of the fireplace wall with great flow for entertaining. The main floor laundry and linen closet are conveniently located next to the garage. Enjoy the open landing that brings you to the upstairs three bedrooms and two baths. The spacious, sunny master has vaulted ceilings and 5 piece ensuite with vaults, high shelves for your decorator pieces and a huge dressing area with a sit down makeup area. A secondary bedroom even as a view of mountaintops. The finished walk-out basement has some extra storage space and opens to a large covered patio just a few steps from the tree lined walking paths that lead to a near by clubhouse and pool. New carpet, Kohler toilets, storm door, cam lights, new keypad switches for lights and plugs, smoke detectors. Nearly new furnace, A/C and hot water heater.
