PROPERTY DETAILS

Beautiful brick bilevel in desirable Morris Heights! New paint & new carpet, new vinyl floors and the bathrooms have been remodeled. The furnace is certified already and the roof is being certified, so this home is move in ready! The exterior boasts a large carport, extra wide driveway and large storage shed. Extra insulation and double windows make this home cozy and quiet. Oh, and there are hardwood floors under the carpet on the main level - amazing! Only one block to the Sand Creek Greenway, and 1/4 mile to Anschutz Medical Campus. Easy access to DIA, Buckley AFB, downtown and DTC. Close to schools, parks and pools. It's tough to find a clean home under \$375,000, so don't delay!
