PROPERTY DETAILS

Beautifully updated brick home walking distance from the historic art district of Westminster. A stunning, modern, updated kitchen with quartz countertops and stainless steel appliances is complemented by the recently remodeled open floorplan. Refinished hardwood flooring, and fully updated bathroom give this home a contemporary and updated touch. Home updates include new windows (2014), blown-in insulation, drywall and paint, updated electrical and plumbing, brand new boiler, heating panels, water heater, and carport (2020) and roof (2019). The house also features a full house surround sound system with 2 zones, speakers, and volume control panels in every room! The cement walkway was replaced in 2020 along with full xeriscaping on the front yard with over 50 drought-resistant plants and flowering trees. The backyard includes a new six-foot privacy fence. The garage features a door in front and in the back leading to the back yard to allow for gardening and yard equipment to be easily moved in and out of the yard. Walk or ride your bike to the bus station with routes to Denver and
