## PROPERTY DETAILS

Welcome home to this nicely updated tri-level home on a quiet cul-de-sac with stamped concrete entry path, a large back yard and an awesome rear patio. The fabulously remodeled kitchen was extended into the dining room to create a tremendous space for cooking with great flow for entertaining. The soft-close Maple cabinets and drawers and Quartz counters add a top notch finish. The main level has new Red Maple hardwood flooring and there is fresh paint and updated energy efficient windows throughout. The family room on the lower level has a real wood burning fireplace to enjoy on those cold evenings and a powder room/laundry room off that for convenience. The master bedroom has an updated 3/4 bath and the other two bedrooms on the upper level share a full bathroom. The basement has two new egress windows and is ready for your finishing touches. A solar system, new high capacity furnace, newer evaporative cooler and R-60 attic insulation round out this energy efficient home further reducing heating and cooling costs. In an excellent school district, it's close to shopping with convenient access to Denver, the mountains or any of the many Jeff Co open space parks. Check out this active lifestyle home today before it's SOLD!
