PROPERTY DETAILS

Fabulous and meticulously maintained two story home in Buffalo Run! Mrs Clean lives here! This home is spotless and has a solar panel system that is owned outright! Such low electric bills! Beautiful kitchen with 42 in maple cabinets, stainless steel appliances including a gas cook top(new in 2020), double oven, and a new refrigerator. Hanging pot rack stays! Gleaming hardwoods throughout the home that lead to the light, bright, and sun-filled two story family room. Stay warm and snuggle up to the 2 sided fireplace. Main floor bedroom/office adjacent to a main floor 3/4 bathroom. Upstairs you will find the master suite with 5 piece bathroom and large walk in closet. There are two more bedrooms upstairs serviced by a nicely upgraded full bathroom. All bedrooms have ceiling fans! Convenient location of the laundry room is here too! So many updates to this home; new roof in 2020, new water heater(50 gal) in 2021- and new paint inside and out in 2020. Don't forget to tour the outside of this home. It is impressive. Stamped concrete walk way to a large patio. There is an awning to protect against the Colorado sun! For the gardener in the home, check out the raised garden beds. Sellers have found their replacement home so no need for a 30 day rent back, just move right in. Sellers may need a few days after closing to vacate their home!
