Mountain Modern in Golden Meadows

Single Family 2686 SQFT 3 Beds 3 Baths 2 Car 2 Acre

PROPERTY DETAILS

Enjoy the short drive from Denver to Morrison for this Golden Meadow mountain-modern home on 2 acres. Flat lot, easy RV parking, flower beds, and a deck with a view are the outdoor perks to this property that has an oversized 2 car garage with built in shelving and storage. Step into the tiled foyer and drop those snow boots off before heading into the open concept vaulted living room: hardwood floors, cast iron stove and spacious kitchen. The main level master suite addition (2016) has access to the deck, a large walk-in closet, and radiant floor heat in the 5 piece bath. There is also another full bathroom, bedroom and laundry room with storage on the main floor. Upstairs hosts another bedroom suite with walk-in closet and full bath. Special little features about this property include the mess free firewood access door next to the stove, circulating air system to pull warm air from upstairs to downstairs and an enclosed foyer that limits cold air access to the main living area. 3 Bedroom Septic
