## PROPERTY DETAILS

This Mountain style home with modern architectural details sits on over 2.5 acres with irrigation pond in stunning private community. At the front entrance, facing west, cascading flower beds and spectacular stairs will guide you to the inside. Majestic hallways and vaulted ceilings will welcome you to a warm and open home. The main level has a formal dining room, an immaculate Master Bedroom Suite, a front Office, Living and elegant Great rooms and a Laundry/Mud Room. The bright and open family room has a wall of windows and a gas fireplace. Enjoy the fresh air and serenity from the patio exiting from the breakfast nook. So much space here for gardens and creation of beautiful oasis. Beautiful outdoors - is where you can run your imagination wild in creating new gardens. Additional bedrooms/baths are on the second floor where one of the spacious rooms could serve as a play room. Unfinished basements awaits your finishes. You enter this property via curvy driveway, quite private and secluded. The FOUR car garage provides over 1000 sq feet of space and plenty of storage.
