Condominium 1061 SQFT 2 Beds 2 Baths 1 Car

PROPERTY DETAILS

Welcome to this spacious 2 bedroom, 2 bathroom condo with ATTACHED GARAGE on the ground level. On the second floor, you'll benefit from single-story living with NO ONE ABOVE YOU. The 9-foot ceilings and abundant natural light accentuate the amount of space here. You'll love the brand new waterproof Pergo floors in the main living areas (the seller is leaving extra boxes). The rooms in this unit are on opposite ends of the home for maximum privacy. Enjoy cooking? The kitchen features multiple workstations and it opens up into the family room so that you can still be a part of the fun. Entertain often? No problem. There's guest parking right outside the front door and even more right off of the quiet neighborhood street, Beeler. Like the outdoors? Tsistsistas Hinono' El Park is just a minute's walk to the south. Finally, there's plenty of shopping at the nearby Gardens Shopping Center off of Havana.
