PROPERTY DETAILS

Old Englewood charming, ranch style home has a big front porch made for a swing. 1920's craftsmanship shows in this home with arches and cool cabinetry. There's a fenced yard and the house is walking distance to shops, restaurants, schools and Swedish hospital. Fresh paint, newer roof, furnace, and carpet makes this home move in ready. There are two bedrooms on the main floor and a full bathroom in between them. The large living or great room is perfect for relaxing or entertaining guests. Awesome kitchen with 1 year old stainless steel appliances including a gas range and tons of cabinets and storage. There is a sun room off the back of the house which can be another dining area, home office or anything you can think of. The finished basement is a third bedroom or flex space and storage. Almost new washer and dryer are in a convenient location as you come in from the garage. The fully fenced backyard is begging for cookouts and someone with a green thumb. An oversized 2 car garage is at the end of the driveway as you turn in from the street (not alley access). Beautiful shade trees line this street in a great neighborhood.
