## PROPERTY DETAILS

One of the best lots in the area. Fully fenced with a gate from front yard to back yard, not many have this amenity. The lanai is finished and opens to the large private (not shared) patio and the shady, spacious, and private back yard. Front and back yards are fully landscaped with sprinkler system. Many NEW features: roof, skylights, interior and exterior paint, carpet, water heater to name a few. Property backs to lush green park. Seller is the second owner of the property. It has been well maintained since it was built. This is a very unique property. No need to go through the house to get to back yard, patio with plenty of privacy.
