## PROPERTY DETAILS

This beautiful ranch home features five bedrooms, three and a half bathrooms with a walkout, finished basement. The walkout basement and upstairs deck backs to open space with access to walking paths and spectacular views. Roughly 3700 finished square feet! Upstairs has a study, master suite with a five-piece bathroom, two other bedrooms and hall bathroom. The expansive kitchen, dining room and great room round out the main level. The kitchen features stunning granite, double ovens and a bar area with tons of counter space and storage. Covered deck of the great room to enjoy mountain views and sunsets. Downstairs features another fireplace in the family room along with a wet bar complete with a fridge, sink, dishwasher and wine cooler. Plenty of room for entertaining or make it into a downstairs apartment with access to the backyard. Additional features: beautiful ornamental glass between the study and dining room, surround sound up and downstairs, 220 power in the backyard with a concrete pad for a hot tub.
