PROPERTY DETAILS

Desirable Ranch with finished basement! A beautiful home that features 4 bedroom and 3 full bathroom and 2 car garage. Open living room with vaulted ceilings and to the right is a large eat-in kitchen with lots of counter space, full size pantry and brand new stainless stove, microwave and dishwasher, just installed. The master bedroom has a 5pc bathroom with soaking tub and walk-in closet. The main level of the home has new interior paint on walls, trim and baseboard, completed in November 2021 exterior painted spring 2021, new roof 2018, and newer carpet is only a few years old. The basement is finished with open floor plan, large family room, one large bedroom, full bath and flex area or office space, plus a large utility room. The home has water softener that is included. The backyard has private concrete patio, easy to maintain yard with sprinkler system in front and back. Community Features: Property is only a few blocks to the park and walking distance to family dollar and short drive to King Soopers Market Place. Easy access to I-76 making an easy commute to Denver. This home is a must see.
