## PROPERTY DETAILS

Why wait to build! Move in Ready 4 bed, 4 bath, Morrison plan with a office, and a full size loft in the popular Sky Ranch neighborhood built in 2020 by Taylor Morrison. The Morrison is a great floor plan with space for the entire family. The main floor is an open layout with room to spread out & a study to retreat to. The first floor has beautiful upgraded wood laminate flooring throughout. The kitchen is a chefs dream featuring an oversized Island for seating, gas stove, stainless steel appliances, upgraded cabinets with corian countertops. Upstairs is hard to beat with 4 bedrooms and 3 full baths and a full loft area. Master bedroom has a 5 piece bath with a separate tub and shower. Upstairs laundry room. Fully Landscaped front and back yard with automatic sprinkler system and a 6" privacy fence. Nice large covered patio for entertaining. Home is located across the street from the park. Close to airport and easy access to downtown Denver. Showing start Friday 04/08 this home will go fast .
