1668 SQFT

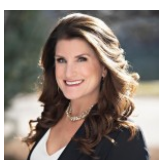

3 Beds

2/1 Baths

2 Car

PROPERTY DETAILS

Don't miss out on this beautiful end unit Townhome that exudes warmth and is rich with abundant natural light. With the kitchen, living room and dining room flowing together on the main floor, this spacious open floor plan makes for easy entertaining. The primary bedroom boasts a walk-in closet as well as a private bathroom with dual sinks and walk in shower. Upstairs you will find 2 more bedrooms, a full bathroom, loft and convenient laundry room - washer and dryer included. If you are looking to create your own space, the unfinished basement is waiting for your personal touch. The patio is the perfect outdoor oasis to unwind and entertain with included hot tub and water feature. For those who love being outside, this home is located near open space and has easy access to trails. All appliances included as well as Ring doorbell and armoire in the basement.
