2 Car

0.24 Acre

PROPERTY DETAILS

This is a fantastic family home located in Cherry Creek School District with great entertaining spaces! An open and updated kitchen with large island leads out to a covered patio (wall mounted TV included) and HUGE fenced in backyard (apple tree included)... think grillin', corn hole, games - it all happens here! The main floor living room has sightlines to the kitchen while also allowing for separate conversations. The bonus room in the basement is a great second living area that can flex for little ones or teens. There is new carpet in the entire upstairs which boasts 4 bedrooms. The primary bedroom has an ensuite with dual sinks and walk-in closet. You'll never run out of hot water with the efficient tankless water heater. There is a 3rd space in the driveway for your extracurriculars (boat, camper, etc). Don't miss out on this home, it won't last long!
