## PROPERTY DETAILS

Don't Miss your chance to own a piece of history in one of Colorado Springs most coveted neighborhoods, The Old North End. This stunning Colonial Revival was built in 1895 for Jimmie Burns, the mining millionaire who struck it rich with the Portland Mine in Cripple Creek. This pristine Victorian home is listed on the Colorado Springs Historical registry. The curb appeal is undeniable and true character is abounding with many of its original 1895 features still intact. It has been lovingly restored - Showcasing a grand front entry staircase, formal foyer with elegant parlor, ornate trim and woodwork, carefully restored leaded and stained glass, pocket doors, 9 foot ceilings, clawfoot soaking tubs and beautiful period light fixtures throughout. Many of the original features have been professionally restored. This home sits on a large lot with mature landscaping, an oversized heated garage w/ workshop and loft and rare amounts of parking for the Old North End. All this and it's conveniently located near bike trails, parks, coffee shops, schools, hospital with easy access to I-25 and all the amenities of living near downtown.
