PROPERTY DETAILS

WOW, look at this gorgeous contemporary mountain home. Beautifully remodeled, the inside has tons of natural light with south facing windows. The open floor plan with vaulted ceilings is what you would expect in this mountain living home. Sitting on almost an acre corner lot, the raised ranch floorplan offers main level living with everything you need. The finished lower level has a family room or could be a third bedroom with full bathroom. Two great decks to enjoy the surrounding nature and meadow views. The property has three separate fenced areas for chickens, ducks and turkeys. A must see!
