PROPERTY DETAILS

Nestled in mature pines and aspens, this 3 bedroom, 3 bathroom chalet-style home offers the rustic elegance you're looking for! Lovingly cared for, it features rough hewn beams crafted from trees that once graced the property, and not one, but TWO grand stone fireplaces, one in each of the two main living areas. The great room has floor-to-ceiling windows, Brazilian Cherry floors, and a spacious dining area. The recently updated chef's kitchen includes quartz countertops, Wolf range, Bosch dishwasher, and large refrigerator. Step out the French doors to a large, maintenance-free composite deck built for entertaining with a gas fire pit, hot tub, retractable awning, large grill (included), and amazing views. All three bathrooms have been recently updated and the primary suite features brand new engineered hardwood plank flooring for a gorgeous look that is also quiet and warm. Just steps from the main house is an adorable 140 s/f office/gym/studio that is built on a concrete foundation, featuring radiant in-floor heating for year round comfort. A two car garage, laundry room, large closets, and
