PROPERTY DETAILS

Gorgeous 3 bed 3 bath property on 3+ acres in Weld County. The updated kitchen has a large kitchen island, stainless steel appliances, lots of cabinet space, and granite countertops. Plenty of room to spread out with the flex room in the basement to let your imagination run wild and create an entertainment area you've been looking to create. Short drive to either Brighton or Fort Lupton and close to HWY 76 access. 2 vehicle DEEP oversized garage for the house and if that's not enough room, there is also a massive 40X60 out building with plenty of room to bring all your toys. After a long day you can enjoy the evening on a large deck in the back looking out East.
