Upon entering this meticulously kept unit, take notice of the new luxury vinyl flooring, new paint, new lighting and new ceiling fan. The cozy living room features a wood burning fireplace and the open dining room is perfect for entertaining. Along with plenty of storage space, the kitchen also has laminate countertops, sink and faucet. The large primary bedroom has new lighting and closets doors as well as direct access to the updated bathroom. Second bedroom is also generous in size and has a fabulous view of the garden right outside the window! Sellers installed a new water heater and decided to leave the full size, stackable Samsung washer and dryer!
