PROPERTY DETAILS

You Can Stop Looking This Is The One! Spectacular gem of a home located on a prime garden level lot with incredible mountain views in the highly sought after Copperleaf neighborhood with over 4,100 finished sf. You'll love the open floorplan featuring a huge granite kitchen island, tons of counter space & enormous pantry adjoining to a spacious family room with cozy fireplace and build in surround sound speakers adding up to an entertainer's dream floorplan. Don't miss the private main floor study, great dining room space & big sunny windows looking out onto the entire front range. Enjoy relaxing evenings & stunning sunsets from the big west facing deck. Hardwood flooring & NEW carpet throughout. Upstairs you'll get a giant loft, 3 good sized bedrooms & a lovely owner's suite with 5 piece bath. The builder finished basement is over 1,300 sf and is highlighted by a big rec room, bedroom, 3/4 bath & 10 x 10 much needed storage room. Enter the backyard from the deck to find a nice level backyard perfect for the dog & kiddos. Copperleaf offers miles of trails, clubhouse & pool, Top rated
