## PROPERTY DETAILS

Major Price Improvement! This 2 story home is walking distance to shops, pools, parks, trails, public golf course, and the outlet malls. Castle Rock is a quaint community with a small town feel and family as its heart with so much to offer! Check out these one of a kind features that make the home stand apart from the other homes in the area: upgraded gourmet kitchen with computer desk, large dark walnut cabinets, upgraded hand scraped walnut solid hardwood floors in kitchen and downstairs bathroom, double oven and granite countertops throughout, open floor plan, beautiful dining room with board and batten wall, first floor laundry with built in cabinets and mud room sink, beautiful gas fireplace surrounded by matching granite with built in tv cubby, open and spacious loft with recessed lighting, master suite with french doors and an upgraded 5 piece master bath with a huge well lit walk in closet. Each bedroom has beautiful unobstructed Mountain views. This home also includes a full basement with bathroom rough-in and is fully insulated, ready for framing and finishing your very own dream layout. This home sits on a large well maintained corner lot with tons of useable space for your family to enjoy including a 20x10 covered patio with built in curtains creating a private cabana setting with mountain and beautiful sky views of stars and sunsets, perfect for relaxing anytime of the year! Check out the new updates on this stunning home in the Meadows in Castle Rock.
