PROPERTY DETAILS

Gorgeous & immaculate brick ranch home in the desirable Village East neighborhood. Beautiful hardwood floors and designer colors greet you as you enter the inviting living room. The kitchen has been tastefully remodeled with upgraded white cabinets, granite countertops, stainless steel appliances and recessed lighting. Two solar tubes brighten the kitchen & dining room even when the lights are off! Hardwood floors extend throughout the main level, including the dining room, hall and bedrooms. The bathrooms have also been updated along with six panel doors. Upgraded energy efficient windows keep the home cozy along with the central air conditioning. There is a sunroom on the back of the house to relax and play, and this space is not even included in the square footage. The beautiful backyard is perfect for entertaining, with a flagstone patio, convenient storage shed and a cute playhouse! The finished basement includes two more bedrooms, family room with fireplace, 3/4 bath, laundry area and more storage. Close to shopping and dining at the nearby Gardens on Havana, and there's easy access to Fitzsimons Medical Campus, DIA, Buckley SFB, DTC and downtown. All three levels of award winning Cherry Creek Schools are in easy walking distance. Utah Park and pool is just 1/2 mile away. Pictures truly don't do this home justice, so schedule your showing beginning Friday July 8th. Easy flexible closing and possession.
