PROPERTY DETAILS

Upgraded brick ranch home with a separate shop! Located on a quiet corner lot in desirable Village East, this updated beauty features a rare main level laundry. The kitchen and family room have been opened up with an open great room concept, and the kitchen is completely updated with newer cabinets, appliances and granite countertops. Skylights provide generous light, and a cozy wood burning fireplace graces the family room. There are solar panels on the roof to reduce electricity bills, and they're FULLY PAID FOR - no lease payments! The three bedrooms on the main level are generously sized, and the primary bedroom is located away from the other two bedrooms for increased privacy. There are two more non conforming bedrooms in the basement, along with a 3/4 bathroom and another family room. Perfectly located within walking distance of all three levels of award winning Cherry Creek Schools, and only two blocks to Utah Park & Pool. Close to shopping and dining at the Gardens On Havana, and there's easy access to Fitzsimons Medical Campus, DTC, DIA, Buckley SFB and downtown. If you're looking for a large ranch home in a quiet neighborhood, then look no further! Showings begin Saturday.
