downspout were replaced about 3 years ago. The home is warmed by radiant heat with a boiler system that was replaced in 2012, the majority of fencing around the property is new, and the entire yard area is well watered by an inground sprinkler system. The large attached 2 car garage has plenty of storage as well as featuring an installed heater and brightened by natural light from the skylights. Minutes from C-470, easy access to HWY 285, located in a neighborhood with many parks and trails, this home does not disappoint.
