PROPERTY DETAILS

This darling vintage cottage is your Colorado getaway. Enjoy sunshine and wildlife through the wall of living room windows or spend a quiet evening rocking on the quaint front porch. This home has been cared for and upgraded, from the warm refinished wood flooring that graces the interior to the newly painted interior and exterior. On cold winter days your toes will always be warm with radiant in floor heat, 4 zones! The cabin boasts several unique features such as an antique stove/oven combo in the kitchen and a claw foot tub in the bathroom. The antique stove allows you to cook with either propane or wood. The primary bedroom also has a wood burning fireplace and lots of storage with an entire wall of closet space. The rooms are spacious and most of the windows are newer. The kitchen features vintage cabinets and the bathroom has an extra vanity/storage closet that could also serve as a pantry. This home has a beautiful, established perennial garden in the back yard, charming stone walls, various deck spaces and a white picket fence that surrounds the back yard. You will love sitting out under the stars with friends by the fire pit. There is a wonderful large storage area under the home, and a new roof to be installed too! This lovely classic cottage is only 3 miles from the Buck Snort and about 3.5 miles from interstate 285 and numerous recreational opportunities.
