PROPERTY DETAILS

Nearly new and luxuriously finished one-bedroom, one-bath condo with a massive, 229 square-foot balcony for lounging and entertaining. The light and bright interior features nine-foot ceilings and eight-foot windows, a wide open layout, plus engineered wood floors. Your chef's kitchen comes complete with quartz counters, stainless appliances, 42" upper cabinets for maximum storage, tile backsplash and bar seating. In the spacious bedroom, you'll love the walk-in closet and oversized window with views of the city—your spa-like bathroom boasts quartz and tile, dual shower heads, and white cabinets for a crisp, clean look. The building offers a rooftop deck with stunning views and a quaint second-floor courtyard. This unit includes deeded parking, the first spot next to a secured entry door. You can also leave your car behind and explore nearby shops, dining and nightlife, or head to South Pearl Street for coffee and a summer morning at the farmers market. This one won't last long!
