PROPERTY DETAILS

Historic charm meets modern living with this adorable cottage in the middle of Old Englewood. The home was fully remodeled in 2021 and it shows; it welcomes you with an abundance of natural light, vaulted ceilings and an open floor plan perfect for hanging out and entertaining. No detail has been spared in a kitchen equipped with waterfall edge butcher block counters, premium appliances, beautiful cabinetry accompanied by high end flooring and designer lighting. The basement offers a bonus room perfect for a home office or gym plus a laundry room with a washer and dryer included. Don't worry about storage space as the oversized garage has you covered along with additional, paved off-street parking spaces. You are a hop from Swedish Medical Center and Craig Hospital, a skip from South Broadway and Englewood Light Rail Station, and a short jump to Downtown Denver, Cherry Creek, I-25, and Hwy 285. No need to buy a condo and pay an HOA without a yard! Don't miss this one, book your showing today!
