

 Single Family  1994 SQFT  2 Beds  1 Baths  8.18 Acre

PROPERTY DETAILS

Hand built, mountain home on over 8 gorgeous acres! Year round living, or a place to retreat, this property offers it all! Positioned at the top of the hill overlooking massive boulders and miles of rolling hills this home offers a peaceful and serene lifestyle. Enter into the great room with vaulted ceiling, hardwood flooring and views that you'll never tire of. The great room features a 100+ year old stunning wood burning stove and walkout to the large deck. The kitchen is darling with hand painted accents and custom touches throughout. The main level hosts both of the bedrooms with one of a kind shared baths. Upstairs is a large open loft with built in bookcases for your library or artwork that over looks the great room with tons of natural light. The basement, with walk out, is an blank canvas for the next owner to create their dreamspace. This home is situated on over 4 acres, with the adjoining 4+ acres included (R0012896)
