  2 Acre

PROPERTY DETAILS

You'll love the spectacular 360-degree views, privacy and the best sunsets in Salida from this beautiful stucco ranch home in Windmill Ranch Estates! This 2-acre lot provides for sweeping unobstructed views of the Collegiate Peaks and Mount Ouray. Indoors, vaulted ceiling, skylights, a huge sliding glass door and lg windows in every room add natural light and bring stunning views right into your living space. The oversized 720-square foot garage has plenty of room for your vehicles, workshop, toys and storage, and an RV-parking space is adjacent just outside the garage. The landscaped garden areas have finished concrete walkways and mature perennials and shrubs. Wetlands and a creek on the west side of the property create a lush green environment. The beautiful and historic downtown area of Salida is only 10-minutes away and all the conveniences of Poncha Springs are just around the corner. Home is close to National Forest and only 15-minutes from Monarch Ski Area. Make the most of all that Chaffee County has to offer from this stunning location. Call for your private preview.
