PROPERTY DETAILS

This charming Aurora condo offers a spacious living area of 1034 sqft. The kitchen is a highlight, with light brown cabinetry, light tile floors, and black appliances. The high vaulted ceiling and pendant lighting add elegance. The living room has track lighting and hardwood flooring. The furnace and AC are new in 2022. The primary bedroom offers a tranquil retreat with hardwood flooring and a customized closet. The primary bathroom features a walk-in shower. The loft has natural light and could be converted to a second bedroom or office. The attached one-car garage has an electric charging station and shelving for storage. Outside, there is a private patio. The community offers a clubhouse, pool, playground, and pet stations. Conveniently located, this property is an ideal home.
